

# 66 Block

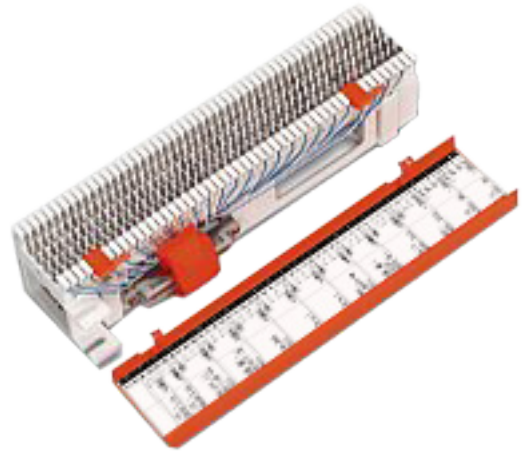

Part Number: 300969  
AT&T Item Number: BLD.10572

## Overview

The 66 Block is fully compatible with all industry standard accessories while providing a proven, economical solution for terminating high performance cable. The wide range of mounting accessories allows the block to be installed in almost any environment.

## Standard Features

- Terminates 22 - 26 AWG (0.81 - 0.41mm) solid insulated cable or 18 - 19 AWG (1.02 - 0.91mm) solid stripped cable
- High impact flame retardant thermoplastic
- Fanning strips provide management for horizontal cabling and cross-connect jumper wires and provides a labeling surface for circuit identification
- Clip design provides high-performance and durability
- Includes stand-off brackets to provide space for routing cables behind each block
- Prewired 25 pair Amphenol connector
- Orange cover

## Specifications

Pair Capacity 50, Quick Clip: 500, category 5e  
Height: 10 in (254mm)  
Width: 3.4 in (86.4mm)  
Depth: 1.2 in (30.5mm)
